

Good morning Principal, teachers and fellow schoolmates,

I am Noel Wong from 6E. Today I am much honoured to share my feelings here because I may not have the chance to stand on this stage again.

Time flies. I am a Form 6 student now. It is hard for me to believe that I have already studied in LMST for 7 years. I am glad that my teachers and classmates share my tears and laughters with me. I am touched that they support and encourage me to discover my goal. All these moments are my sweetest memory. Thank you very much and I am sure I will not forget.

Form 6 buddies, we still have 6 months to go. Let's fight for our dream and work hard for the exam. If we try our best, then we will have no regret. For other schoolmates, I hope you can set a goal at the beginning of the school year. Keep trying and working. I am sure you will have a fruitful result at the end of the school term. Once again, thanks LMST for nurturing me and I promise I will strike for the best. Thank you very much.
