You have 2 minutes to give advice to student A.*

Dear Teen Corner,

I started dating two months ago, since then, we spent most of the time together. We went to school together, had lunch and hung around parks or shopping malls after school. We also chat online or on the phone at home until mid-night. We have had a lot of happy time, but I am not sure if I should continue. Because I can't concentrate during lessons, I keep thinking of her. And my school result is getting worse.

My mother has been angry since I started dating, she said I should focus on school work. I feel stressed and upset.

I love her very much, she may get upset if I can't spend time with her after school. What should I do?
